

Francisco Ferreira

CEO iib – West Africa

Francisco has 10 years of experience covering international commercial flows, treasury and portfolio management.

Previously he was heading business development for Gemcorp Group, developing targeted business relationships with sovereigns, state-owned companies, financial institutions and corporates across sub-Saharan Africa.

Formerly, he managed activities focused on developing trade finance credit, treasury and proprietary investment portfolios for Banco Atlantico (Portugal).

Francisco holds a bachelor's degree in Economics from the University of Lisbon, a master's degree in Marketing from the ISCTE Business School and post-graduate specialisation in Investments and Financial Markets from the Portuguese School of Bank Management.
